

Coronavirus Disease 2019 (COVID-19)

What Michigan is Doing

On Feb. 3, the Michigan Department of Health and Human Services (MDHHS) activated the Community Health Emergency Coordination Center, and it has been working diligently with local health departments, health systems and medical providers to make sure appropriate screening and preparations for coronavirus disease 2019 (COVID-19) are being made.

Total Assessment and/or Monitoring Referrals Under Active Monitoring	172
---	-----

Only Negative and Positive numbers updated. Testing is still underway for the day and updates will be provided.

Test results will be updated daily; typically in the evening. Testing data included in the chart reflects COVID-19 tests conducted by the MDHHS Bureau of Laboratories. Any additional testing underway by private lab companies is not reflected.

*PUI - Persons Under Investigation

**This includes referrals from CDC airport quarantine stations, self-referrals, close contacts of pending PUIs and healthcare provider referrals entered by local health departments.
