Oregon reports 582 new confirmed and presumptive COVID-19 cases, 3 new deaths

PORTLAND, Ore. — There are three new COVID-19 related deaths in Oregon, raising the state's death toll to 1,880, the Oregon Health Authority reported at 12:01 a.m. today.

Oregon Health Authority reported 582 new confirmed and presumptive cases of COVID-19 as of 12:01 a.m. today, bringing the state total to 138,168.

Vaccinations in Oregon

Today, OHA reported that 14,755 new doses of COVID-19 vaccinations were added to the state immunization registry. Of this total, 11,243 doses were administered on Jan. 23 and 3,512 were administered on previous days but were entered into the vaccine registry on Jan. 23.

Cumulative daily totals can take several days to finalize because providers have 72 hours to report doses administered and technical challenges have caused many providers to lag in their reporting. OHA has been providing technical support to vaccination sites to improve the timeliness of their data entry into the state's ALERT Immunization Information System (IIS).

Oregon has now administered a cumulative total of 300,662 first and second doses of COVID-19 vaccines. All vaccinations were administered by Oregon hospitals, long-term care facilities, emergency medical service (EMS) agencies, urgent care facilities and Local Public Health Authorities (LPHAs).

To date, 492,450 doses of vaccine have been delivered to sites across Oregon.

These data are preliminary and subject to change. OHA's [dashboards](#) provide regularly updated vaccination data and Oregon's dashboard has been updated today.

COVID-19 hospitalizations

The number of hospitalized patients with COVID-19 across Oregon is 310, which the same as yesterday. There are 80 COVID-19 patients in intensive care unit (ICU) beds, which is three fewer than yesterday.

The total number of patients in hospital beds may fluctuate between report times. The numbers do not reflect admissions per day, nor the length of hospital stay. Staffing limitations are not captured in this data and may further limit bed capacity.

[More information about hospital capacity can be found here.](#)

Cases and deaths

The new confirmed and presumptive COVID-19 cases reported today are in the following counties: Benton (3), Clackamas (49), Coos (26), Crook (9), Curry (1), Deschutes (31), Douglas (14), Harney (1), Hood River (9), Jackson (47), Jefferson (4), Josephine (20), Klamath (26), Lake (5), Lane (49), Lincoln (6), Linn (18), Malheur (3), Marion (72), Morrow (3), Multnomah (78), Polk (18), Tillamook (1), Umatilla (16), Union (5), Wasco (2), Washington (59) and Yamhill (7).

Here is more information on the deaths reported today:

Oregon's 1,878th COVID-19 death is a 66-year-old man in Douglas County who tested positive on Jan. 21 and died on Jan. 20 at his residence. Presence of underlying conditions is being confirmed.

Oregon's 1,879th COVID-19 death is a 90-year-old woman in Jackson County who tested positive on Jan. 14 and died on Jan. 22 at her residence. She had underlying conditions.

Oregon's 1,880th COVID-19 death is a 58-year-old man in Marion County who tested positive on Dec. 26 and died on Jan. 22 at Salem Hospital. He had underlying conditions.
