Oregon reports 455 new confirmed and presumptive COVID-19 cases, 2 new deaths

PORTLAND, Ore. — There are two new COVID-19 related deaths in Oregon, raising the state's death toll to 2,208 the Oregon Health Authority reported at 12:01 a.m. today.

Oregon Health Authority reported 455 new confirmed and presumptive cases of COVID-19 as of 12:01 a.m. today bringing the state total to 155,315.

Vaccinations in Oregon

Today, OHA reported that 32,288 new doses of COVID-19 vaccinations were added

to the state immunization registry. Of this total, 24,926 doses were administered on Feb. 26 and 7,362 were administered on previous days but were entered into the vaccine registry on Feb. 26.

Cumulative daily totals can take several days to finalize because providers have 72 hours to report doses administered and technical challenges have caused many providers to lag in their reporting. OHA has been providing technical support to vaccination sites to improve the timeliness of their data entry into the state's ALERT Immunization Information System (IIS).

Oregon has now administered a cumulative total of 943,692 first and second doses of COVID-19 vaccines. To date, 1,194,495 doses of vaccine have been delivered to sites across Oregon.

These data are preliminary and subject to change. OHA's [dashboards](#) provide regularly updated vaccination data, and Oregon's dashboard has been updated today.

COVID-19 hospitalizations

The number of hospitalized patients with COVID-19 across Oregon is 148, which is four fewer than yesterday. There are 31 COVID-19 patients in intensive care unit (ICU) beds, which is three fewer than yesterday.

The total number of patients in hospital beds may fluctuate between report times. The numbers do not reflect admissions per day, nor the length of hospital stay. Staffing limitations are not captured in this data and may further limit bed capacity.

[More information about hospital capacity can be found here.](#)

Cases and deaths

The new confirmed and presumptive COVID-19 cases reported today are in the following counties: Baker (6), Benton (7), Clackamas (35), Columbia (13), Coos (42), Curry (2), Deschutes (14), Douglas (16), Hood River (4), Jackson (67), Jefferson (4), Josephine (9), Klamath (5), Lake (1), Lane (29), Lincoln (2), Linn (9), Malheur (7), Marion (43), Morrow (1), Multnomah (32), Polk (12), Umatilla (12), Union (3), Wasco (1), Washington (73), Yamhill (6).

Oregon's 2,207th COVID-19 death is a 92-year-old man in Jackson County who tested positive on Feb. 22 and died on Feb. 25 at Asante Rogue Regional Medical Center. He had underlying conditions.

Oregon's 2,208th COVID-19 death is a 61-year-old man in Josephine County who tested positive on Jan. 13 and died on Feb. 15 at Asante Three Rivers Medical Center. He had underlying conditions.

County	Total Cases ¹	Total deaths ²
Baker	656	7

Statewide	155,315	2,208

¹This includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are those without a positive diagnostic test who present COVID-19-like symptoms and had close contact with a confirmed case. County of residence for cases may change as new information becomes available. If changes occur, we will update our counts accordingly.

²For additional details on individuals who have died from COVID-19 in Oregon, please [refer to our press releases](#).
